FEDERAL COMMUNICATIONS COMMISSION
Washington, DC, 20554

In the Matter of)
Creation of a Low)
Power Radio)
Service) MB Docket No. 99-25

My name is Emily McMilin, and I strongly support any actions the Federal Communications Commission can take to expand and support the Low Power FM radio service.

Localism and a diverse marketplace of ideas on the fm band benefits the largest majority of the U.S. citizens. These traits that are exhibited in the best of what LPFM has offered can continue to flourish, despite the increasely utilized band, as per the establishment of the comments of the Prometheus Radio Project.
